	The Executive Engineer Chidalong Dn opines that "it is too much to expect one Sub Divisional officer to attend all the meetings of the three Taluks." This inconvenience of the objection of one D P W officer being obliged to attend the meetings in two or more Taluks has been more than once brought to the notice of Govt. After considering the question in all its aspects Govt have ruled that the attendance of the P W D officer at the meetings of the Local Bodies is a part of his duties and that whenever the urgency of departmental work prevents an officer from attending any meeting, he should forward an explanation of the cause of his absence.
Please see G O No 1576-54 I.F. 34-92 dated 11.1.1893 F

7675-88 dated 6.3.1888 III 211-86-2 P	
	(2) In the present case the Executive officer can not be considered to have had pressure of work throughout the year from July 1914 to June 1915 inclusive the Consolidation season lasts only for some months in the year. Moreover the officer does not seem to have forwarded explanations for his absence unless he was requested to do so by the Deputy Inspector of Works after Continuous absence from several meetings

(3) Sufficient previous notice of the meetings is invariably given to the D P W Officers. If these officers do not arrange their departmental work so as to make it convenient to attend the meetings of the local bodies within the area of their range at least once in two months, no purpose is served by having them on the Boards. In the absence of a separate Engineering Staff for the local bodies the advice of the D P W Officers at the meetings are is of great importance to the boards concerned. Subd for orders

13) In this connection, representations have been received from the Executive Engineer, Chitaldrug Division, about the inconvenience that P. W. Sub Division officers in the District are subjected to by being required to attend several Municipal and Taluk Board meetings in their respective jurisdiction. As in the case under consideration, it often happens that 2 or 3 Taluks comprise the jurisdiction of one P. W. Sub Division officer, and the Board meetings are not infrequently held in one Taluk when he is engage on some important or urgent work in the corner of another Taluk. Apart from the inconvenience complained of, which is not of so much weight, the works suffer by his being called away to attend meetings in another Taluk. To remedy such a state of things, the Executive Engineer was recently requested to nominate for membership senior Suboverseers stationed at certain Taluk headquarters, in order to minimise the inconvenience now felt by some of the Sub Division officers in attending the several meetings held in different Taluks.

Sir,

In regards Taluka Boards the rules provide for the appointment of the Secretary for the Taluka, by the D.D. & the Office Member.

It is a point for decision who is the Secretary for the Taluka, whether the Taluka Members or Subordinate - ters or the District Range Officer in whose Range the Taluka is lies.

If the former is meant then the present appointment of D.D.O. Subordinate Officers in the Office members to be Secretary of the Taluka Boards seems irregular. — H. on

on account of other meetings in Davangere and Jagalur Considering the fact that the P.W.Sub Division Officer attended only very few meetings of these Municipal Councils also, the explanation offered does not seem to be acceptable. As for the other reason that he could not attend the meetings on account of pressure of professional work, it may be stated that he should have regulated his business so as to enable him to attend a fair number of meetings of each local body.
